2020 Mississippi JTT FALL CHAMPIONSHIPS **COVID-19 Procedures and Protocols**

In order to try and keep our event as safe as possible for the players and the spectators, we want to pass along these guidelines for our players and spectators to abide by during the event. Please communicate these guidelines with your players, parents, and spectators.

- Anyone that plans to attend the event but is feeling symptoms of sickness should stay home. For those that have had Covid or have been recently exposed, we ask that you follow the CDC guidelines linked below to determine if you should attend or how long you should quarantine if previously exposed to the virus:
[CDC Quarantine Guidelines](#)
- Spectators are allowed at the event, but we recommend that those that are not “from the same household” socially distance 6 feet from other individuals and groups.
- We recommend all individuals (players and spectators) wear face coverings or masks during the event, except for players when they are participating in the match.
- Players should bring their own cooler/water to the tournament, as we will not provide water coolers on court and the shared facility ice machine will not be in use. Anyone may purchase drinks inside the Ridgeland Tennis Center Pro Shop.
- People are not to congregate, loiter, or sit on the benches INSIDE the Ridgeland Tennis Center Pro Shop, it is only open for use of the restrooms and to purchase items from the pro shop.
- We only need captains to check teams in for matches, players do not have to come to the tournament desk to check IN before a match. Captains will be given the balls and told what court(s) to send players to. We do want players to come report their scores individually to the tournament desk AFTER their matches so we can record the score and know what courts are open and available to use.
