High School Tennis Coaches/Teams who meet the following criteria may be considered for financial assistances from the MS Tennis Association:

1. Participating tennis coaches will register for a Net Generation account at

<https://netgeneration.usta.com/>

- Complete the Safe Play Program, which includes a complimentary background screening. (Check with the MS Tennis Association about using the background screening from your school district.)
- Add school information into the Program Management Center

2. Tennis Coaches are required to enter their team into the MTA High School Tennis Classic held in February.

*Once the coach has completed registration and been approved on Net Generation, he can then register to play in the MTA High School Tennis Classic. After this has been completed, a receipt of purchased equipment should be emailed or mailed to the MTA office. At this time, funds will be distributed to the school. The maximum dollar amount a tennis coach is eligible to receive is \$250.

Benefits of Net Generation:

- **Digital communications providing new program information and support to build Net Generation in your school.**
- **Print and online version of Net Generation School Tennis curriculum created by USTA and SHAPE America to help build lessons and continue education.**
- **Net Generation Schools newsletter sharing best practices and success stories of Net Generation school programs.**
